

It's Herpetology Season!

Scientists need YOUR help in studying animals everywhere, including your own neighborhood!

Join us for an introduction to herpetology, the study of reptiles and amphibians.

You'll learn all about our slimy and scaly friends and even virtually meet a few live animals! You can also join our crew of ecoEXPLORERS— kids who submit observations of plants and animals for scientists to study and earn prizes while they do it.

Find out how you can earn your Herpetology Field Badge and many other science and nature themed badges.

.....
FOR AGES 5-13 BUT ALL AGES ARE WELCOME TO VIEW THE PRESENTATION.

**THURSDAY,
AUGUST 6
2:00PM**
